

Keep your number private

Per Call Blocking

Per Call Blocking lets you block your telephone number from showing on the party you are calling caller-id display. Per Call Blocking is available free of charge. You must activate Per Call Blocking for each call you want blocked. When you activate Per Call Blocking, the party you are calling will receive a “private number” message instead of your telephone number.

To activate Per Call Blocking:

1. Lift the handset and listen for the dial tone.
2. Dial *67 before placing a call.
3. When you hear a second dial tone, place your call.

Anonymous Call Block

Anonymous Call Block allows you to reject calls whose telephone numbers are blocked from displaying. Anonymous callers are routed to a recorded announcement informing the caller that you do not accept anonymous calls.

Anonymous Call Block monthly rate: \$2.50

To activate Anonymous Call Block feature:

1. Lift the handset and listen for the dial tone.
2. Dial *62.
3. You will receive a confirmation tone of two “beeps”.
4. Anonymous Call Block is now activated.

Callers who are rejected will hear this announcement, “The party you are calling is not accepting this call”.

To deactivate Anonymous Call Block feature:

1. Lift the handset and listen for the dial tone.
2. Dial *82.
3. You will receive a confirmation tone.
4. Anonymous Call Block is now deactivated.

Directory Non-Published

Want even more privacy? With Directory Non-Published service, GTA will omit your telephone number from all published telephone directories and our directory assistance (411) database.

Non-published phone number rates:

- Residential line per month: \$2.50
- Business line per month: \$2.50
