Shopping	✓	✓	✓
Music streaming	✓	✓	✓
Downloading large files	✓	✓	✓
Video streaming		✓	✓
Online gaming			✓

This chart is designed to provide general guidance as to the appropriate GTA high-speed internet package for your household based on downstream usage. This chart assumes that each household internet user is utilizing only one internet-enabled device at a time, and the assumption that the number of household internet users are simultaneously using their internet service.
